COVID TRAVEL

Washington State Department of Health

Travel Recommendations and Requirements

Summary:

For **unvaccinated** persons traveling domestically, the Washington State Department of Health advises that if you must travel you must get tested 3-5 days after your trip and stay home and self-quarantine for a full 7 days after travel, even if your test is negative. If you don't get tested, stay home and self-quarantine for 10 days after travel. We ask our families to follow the DOH and [all CDC travel requirements and recommendations](#). If you have any Covid-related questions, please contact Mary Yamoah.

Unvaccinated Persons Traveling Domestically

Travel increases your chances of spreading and getting COVID-19. Delay travel and stay home to protect others and yourself from COVID-19.

If you **must** travel, take steps to protect others and yourself:

- If you are eligible, get fully vaccinated for COVID-19.
- Before you travel, get tested with a viral test 1-3 days before your trip.
- Wear a mask over your nose and mouth when in public.
- Avoid crowds and stay at least 6 feet/2 meters (about 2 arm lengths) from anyone who did not travel with you.
- Get tested 3-5 days after your trip and stay home and self-quarantine for a full 7 days after travel, even if your test is negative. If you don't get tested, stay home and self-quarantine for 10 days after travel.
- Follow [all CDC travel requirements and recommendations](#) after travel.

[Masks are required](#) on planes, busses, trains, and other forms of public transportation into, within, or out of the United States and in U.S. transportation hubs such as airports and stations.

Vaccinated Persons Traveling Domestically

People who are fully vaccinated with an FDA-authorized vaccine can travel safely within the United States.

If you are fully vaccinated, take the following steps to protect others if you travel:

During Travel:

- Wear a mask over your nose and mouth. **Masks are required** on planes, buses, trains, and other forms of public transportation traveling into, within, or out of the United States and in U.S. transportation hubs such as airports and stations.
- Avoid crowds and stay at least 6 feet/2 meters (about 2 arm lengths) from anyone who is not traveling with you.
- Wash your hands often or use hand sanitizer (with at least 60% alcohol).

After Travel:

- Self-monitor for COVID-19 symptoms; isolate and get tested if you develop symptoms.
