

Dear Parents,

Please join us for a screening of the Indieflix documentary LIKE, a film about the impact of social media on our lives. We will be holding a special screening for parents, followed by a Q & A and discussion about family resources on Thursday, January 30th at 6:00pm at Seton Catholic. On Monday, February 3rd, Seton Catholic will host a screening of the film for all of the middle school students at our three sister schools at 11:45am. This screening will also be followed by a panel discussion on various resources for our middle and high school students.

A new documentary exploring the impact of social media on our lives, *LIKE*'s mission is to inspire, inform and help equip all of us to effectively self-regulate screen time. Social media is a tool and social platforms are a place to connect, share and care... but is that what's really happening? The film features interviews with experts including Max Stossel, Head of Education & Content at Center for Humane Technology; Leah Pearlman, Co-Creator of the Facebook "Like" button; Dr. Jerry Bubrick, Senior Psychologist at Child Mind Institute; Professor Jevin West, DataLab, iSchool, University of Washington; John Borthwick, CEO, Betaworks; and Professor Katie Davis, author of *The App Generation*.
