

Parents in Prayer are parents of St. Joseph helping each other respond to our vocation as parents and primary educators in their children's lives.

These resources are aimed to inspire, enrich, and strengthen families to continually guide our children towards the true, good and beautiful richness of the Catholic Church and its Liturgical seasons.

Parents in Prayer provides opportunities for parent participation and encourages parents to gather in prayer together. Opportunities such as attending All School Masses, praying for the intentions submitted in the Prayer Buckets, Monday Rosary and Divine Mercy Chaplet Friday's.

The goal of Parents in Prayer is to inspire parents with children of all ages and levels of understanding to introduce various aspects of the Catholic faith into their daily lives. Our hope is to enrich their St. Joseph Catholic School education by making it easily accessible, encouraging and rewarding to build a Christ centered family life.
