

## **Opt Out of Distance Learning Recording**

During this time of remote instruction, St. Joseph School is utilizing online resources to provide continuing classroom instruction to students. In order to ensure that every child in the class receives the instruction, the online instruction will be video and audio recorded so that it can be accessed at a later time.

The primary focus of the video and audio recording will be on the instruction and the teacher, not on the students in the class. However, questions asked and comments spoken by students will be part of the recording.

Only students assigned to that specific class will have access to the video recording. Otherwise, the recordings will not be made public by the online vendor or St. Joseph School in any capacity.

Recordings will be saved for 14 days and then deleted.

**You only need to return this form if you do NOT release your child to participate in recorded online instruction.**
